Empty Cartridge Price List

Please find the following price list which lists all empty cartridges that are accepted on our recycling program.

As long as you have a minimum of 20 cartridges that are marked on this list at 25p or more we will collect any 1p cartridges on the list free of charge, thereby helping you to dispose of the cartridges in an environmentally friendly way and ensuring your own Duty Of Care compliance.

HI Empty cartridges have most value for re-use rather than as raw material recycling so therefore please pack them carefully to prevent damage in transit.

Please note that any unlisted cartridges returned may incur a surcharge for transport and disposal so please check with us if you are unsure what cartridges you have to return to us. Previously recycled cartridges are only acceptable if listed and made from the original casing. Compatible or hybrid casings cannot be accepted.

All prices quoted on the proviso that any toner and inkjets collected are genuine end user returns rather than products that have been pre-selected, pre-tested bad or rejected for quality purposes by any third parties. Takeback is unable to pay for any such products and they will be made available for collection or a charge made to have them sent for raw material recycling.

We look forward to receiving your cartridges.
